

Corrigendum: Typification of *Surirella striatula* Turpin, the *typus generis* of the genus *Surirella* (Surirellaceae, Bacillariophyceae)

Christine Cocquyt¹, Horst Lange-Bertalot² & Bart Van de Vijver³

¹*Meise Botanic Garden, Research Department, Nieuwelaan 38, 1860 Meise, Belgium*
(correspondence: christine.cocquyt@plantentuinmeise.be)

²*Silberweg 3, 61350 Bad Homburg, Germany*

³*Meise Botanic Garden, Research Department, Nieuwelaan 38, 1860 Meise, Belgium & University of Antwerp, Department of Biology – ECOSPHERE, Universiteitsplein 1, B-2610 Wilrijk, Belgium* (correspondence: bart.vandevijver@plantentuinmeise.be)

In the typification of the species, the authors incorreced cited Turpin (1828): *Mémoires du Musée d'Histoire Naturelle* 16, p. 363, pl. 15: figs 2-10, as the original publication of the species *Surirella striatula*.

This should be “Turpin 1827: In: Levrault, F.G. (ed.) *Dictionnaire des Sciences naturelles*, Tome 51. Paris, p. 408, pl. 3: figs 1–3.”

The authors also designated the entire plate 3 in Turpin (1827) as representative for the species *S. striatula*. This should be ‘plate 3, figure 3’ to be more precise as designated lectotype. Likewise, for the epitypification, only fig. 3 in Cocquyt & al. (2025) should be considered as the representative specimen for the epitype.

We are grateful to Wolf-Henning Kusber for his comments.
